

MDAS CHARITY GOLF 2026

Friday, 9 October 2026

*Driving Hope,
One Swing at a Time*

Dear Friends,

Every day, individuals living with muscular dystrophy and other neuromuscular conditions face challenges that most of us seldom think about.

Muscular dystrophy is a progressive muscle-wasting condition that gradually robs individuals of their strength and mobility. Simple activities such as climbing stairs, getting dressed, or even breathing independently can become increasingly difficult over time. Many require lifelong rehabilitation, specialised equipment, caregiving support and medical intervention to maintain their quality of life.

At the Muscular Dystrophy Association (Singapore) (MDAS), we are committed to ensuring that no one faces this journey alone. Through rehabilitation programmes, therapy services, assistive technology support, caregiver assistance, social integration activities and employment initiatives, we empower persons with muscular dystrophy and other neuromuscular conditions to live with dignity, independence and hope.

Today, however, the need for support has never been greater.

As a medium-sized charity serving a growing community of beneficiaries, MDAS faces rising operational and programme costs each year. While we continue to stretch every dollar to maximise impact, we must actively raise funds to sustain and expand the essential services our beneficiaries depend on.

This is why we are proud to present the **MDAS Charity Golf 2026**, organised in collaboration with Seletar Country Club.

More than just a day on the golf course, this event brings together individuals, corporations and friends of MDAS to make a meaningful difference in the lives of persons living with muscular dystrophy and other neuromuscular conditions.

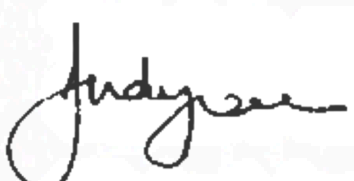

Every registration, sponsorship and donation will help fund critical programmes that enable our beneficiaries to remain active, connected and empowered within the community.

We warmly invite you to join us on **Friday, 9 October 2026**, for a memorable day of golf, fellowship and giving.

Together, we can drive hope, inspire possibilities and create a more inclusive future for persons with muscular dystrophy and other neuromuscular conditions.

We look forward to welcoming you on the greens.

Yours sincerely,

Judy Wee
